SAMMOBILE

How to flash your Samsung phone?

5 FILES

1 Extract (un-rar) the 5 firmware files (i.e. to folder c:\Odin)

2 [Download Odin](#)

3 Extract Odin ZIP file (i.e. to folder c:\Odin)

4 Open Odin

5 Power off your phone

6 Reboot Phone in Download Mode

Connect USB-cable to your computer. Hold down **Volume up** and **Volume down** at same time. While holding down, connect the USB-cable to your phone

7 Wait until you get a blue sign in Odin

8 Add the firmware files to their designated slots (AP in AP, BL in BL, CP in CP, HOME_CSC in CSC). **Do not tick any extra boxes.** The only options to be ticked are **F. Reset Time and Auto-Reboot.**

9 Click the start button to begin flashing the firmware update
